

DoVera DE12

Exam Light

Enhance Your Performance with DoVera DE12

The DoVera DE12 examination light uses reflective LED technology to provide bright light in a shadow free environment. Utilizing 12 LEDs to evenly distribute light creates a consistent spot with very low heat output.

The DoVera DE12 is a highly advanced exam light that offers several key benefits:

- Slim profile and lightweight material for ease of use and storage
- Simple and intuitive intensity controls at your fingertips
- Easy to use side handles for quick positioning
- Sterilizable handle for positioning control during procedures
- Color correct light provides accurate visibility

Durable Construction

Reduced Eye Glare

Comfortable
Side Handles

Technical Specifications

Light intensity at 1 meter	119,330 lux
Lighthead diameter	16 inches
Color Temperature	4,350K
Color rendering index (CRI)	92 Ra
Spot Size	6.2 inches
Average LED life	60,000 hours
Control of illuminance	20% - 100%

Several Mounting Options for Different Applications

Dual Ceiling-Mounted

Dual ceiling mounted LED exam lights with 69" reach, 335° rotation of the upper radial arm and 360° rotation of the lower radial arm with 300° pitch and 180° roll rotation of each lighthead.
